Internship Resume

Career Objective: Motivated computer science student seeking an internship opportunity and willing to learn and contribute effectively.

About Me

Motivated computer science student specializing in software engineering with 8 months of experience as a Full Stack Developer at Infitech Creations. Skilled in React.js, Node.js, MySQL, and RESTful APIs, with strong communication, teamwork, and problem-solving abilities. Proven ability to lead projects, demonstrated by developing a web-based Internship Management System. Fluent in English, Tamil, and Malay, eager to contribute and learn in a dynamic internship environment.

Education

Peninsula College Georgetown

Bachelor's In Computer Science (Software Engineering) • Computer Science (Software Engineering)

CGPA: 4.0

Experience

Full Stack Developer

8 Months

Infitech Creations

- Developed and maintained web applications by implementing both frontend and backend functionalities. Built responsive user interfaces
- integrated APIs
- managed databases
- and collaborated with the development team to design

Projects

Internship Management System

Full Stack Developer & Team Leader

Tools: React.js, Node.js, Open Ai, MySQL

Built a web-based internship management system that allows students to apply for internships, upload resumes, and track application status. The system includes separate dashboards for students and employers to manage applications, review resumes, and monitor internship progress.
